

The Board of Public Works takes pride in offering the lowest rates possible to our valued customers. Our customers have not had an increase in electric rates since 2015. For more information regarding our electric rates, see our [Electric Rate Ordinance](#). If you have questions regarding your utility bill or would like to start utilities under your name, please contact our [Utility Billing Office](#).

Have you ever wondered what you get for 1 kilowatt-hour (kWh) or 1,000 watt hours? On average, Nebraska homeowners pay 10¢ for 1kWh of electricity. Nebraska Public Power District (NPPD) put together this [quick](#)
