

Roll-off Dumpsters

Midwest Area Refuse Solutions (MARS) offers roll-off dumpster rental for residential or commercial projects. With competitive pricing, flexible scheduling, and several sizes of roll-offs to choose from, MARS has you covered. Follow these steps to rent a roll-off dumpster from MARS:

1. **Complete an application for service.** An application form is attached at the bottom of this page. Choose which size will fit your needs and provide us with the location to deliver the roll-off. Payment must be received by our office prior to residential delivery.
2. **Prepare for delivery.** Schedule a delivery date with our office. You may place the roll-off in your driveway, curbside, or even your yard. If you wish to place the roll-off in the street, you will need to complete a [Street Obstruction Request](#) and receive approval. Be sure the area is accessible for our delivery trucks and clear of objects or cars, as well as low-hanging tree limbs or overhead.
3. **Fill the roll-off.** Load bulky items first. Be certain that only landfill-acceptable items are placed in the roll-off. Avoid overloading.
4. **Schedule your pickup.** Once the roll-off is full, call us to pick it up. If you need to continue to use the roll-off for your project, we can return it to you empty to reuse.

Current pricing is contained in the Fee Resolution attached below.
